"It may seem as if a strong new developer is trying to perform its best work here, and that may be true, but The Elden Ring is still a brawler in dark fantasy clothing. " -Pocket Gamer - U.S. "As a journey filled with dark fantasy intrigue and really juicy action, The Elden Ring is a joy to play. The narrative is fresh and well paced, and the landscape feels vibrant and full of life." - Touch Arcade - US "The Elden Ring is pure, classic action RPG goodness in a perfect package. It's an old-school fantasy game that plays at a higher level than most games in its genre, which makes it a perfect comparison to larger titles of yore like Dragon Quest and Final Fantasy." - RPG-Ville - U.S. "What I like most about The Elden Ring is its architecture. It is sturdy, allowing you to proceed freely without being crunched by giant knights and walls. Even if you die, you can easily get back up again, and getting an infinite amount of death continues to be a thrilling reminder that the game is made by a company that knows what it is doing when it comes to games and storytelling. The Elden Ring is a title that understands its target audience, and it understands how to play to its strengths, all while introducing new things like online multiplayer and the ability to team up with other players." - GamesBeat - US STORY Elden Ring is a fantasy action role playing game, where the main character is Tarnished. Trapped in a prison, from which there is only one escape route, the story of the game begins by Tarnished dying. However, the main character can be transferred to any member of the game's 10-character party, and that party takes the form of a large party of two heroes and 8 servants. -A Fantasy Action Game So Enjoyable That Even Those Who Don't Love Fantasy Won't Hate It. Torn from the Lands Between, the players are given the ability to traverse through a vast land full of fields, woodlands, waterfalls, and more. The story unfolds one or more times per day, and each story has its own ending. The story unfolds according to what you plan to do on your own in order to reach a destination. You can choose to go on quests, kill monsters or anything else to earn cash. bff6bb2d33
